Harold,

This is not the proper correspondence for discussion, however I hope you will remember my efforts to preserve the ongoing fight for truth when (if) things are resolved.

I have tried to help, whether efficient or not, while I have been inexperienced and made bad judgments I have tried to do my best.

I know that I prevented a disaster by making sure to see that film — because by doing that I have prevented the film from being shown in the very dangerous state it was in. I did that and then cut off all association with Lamarre as I have promised.

But you should know the w
